

IS GAMBLING WIDE OPEN IN THE CITY OF OAKLAND?

A San Francisco Paper Makes Charges Against the Police Department—What the Chief Says.

Something of a stir was created in police and sporting circles this morning by an article in the San Francisco Examiner which stated that gambling is allowed to flourish in Oakland without police interference. Later views were published, charging Chief Hodgkins with being in collusion with the gamblers. The article opens with this statement:

The Direct Charge.

"Faro bank, craps, percentage poker, lottery, Chinese lottery and keno (except players). In the parlance of the gambling-house, 'any one can get a run for his money, and choose his own game.'"

"In room 1 of the Pacific House, at 100 Washington street, faro and craps are played. The game is opened early in the afternoon and until late morning faro and craps are played. Hundreds of dollars in gold coin, line the game racks in open view, awaiting the bets. Ed Peters, a gambler well known in Oakland, Seattle and Alaska, deals for the bank daily. He boasts that his 'bank roll' is over \$2,000, and places no limit on bets. His partner and business manager, Charles Rogers, looks after the craps game, passing out the dice to the many young business men and clerks who visit the place.

"The existence of this gambling hell is a secret in Oakland. Business men know of it as well as the sporting class who seek houses of its kind. The place is easy of access, even to the uninitiated. An Examiner reporter, inquiring for a place to play faro, was quickly directed to the house by Ed Davis, a bartender at the Menlo Saloon. No secrecy was observed. Davis volunteered the information that the place was 'all right, and deal square.' He further guaranteed that there existed no danger of interference by the police, who, he said, tolerated the game."

What Peters Said.

The article proceeds to say that a reporter visited room 1 in the Pacific House and found faro and craps layouts ready for business. Peters, it is alleged, made the following statement:

"This would be a good town," volunteered Peters, "if it was right, but it ain't. Both the Chief of Police and the Mayor are all right, but they are running between themselves and consequently the game is quered for us. We have to run on the quiet. What we need is someone to act as peace-maker between the two and if it was a bigger town we could find some one and fix things. They're both willing, but they're enemies."

Davis, the bartender for Bush & Bean, corner of Thirteenth and Washington streets, is represented as saying:

What Davis Said.

"I ran here on Broadway, between Tenth and Eleventh streets, for eight months—faro, craps and poker—and faro was wide open. The Chief is all right, but he can't be fixed. Just now, because of the coming election, I was doing well. I had a good play, and was giving up 25 per cent for protection. There was no trouble; I ran wide open. Every sport in town knew I was running. I was well advertised and had to play. Then Peters came up from Valen with a bank roll and opened up in opposition. 'The Chief of Police came around and told me to close, as things were wrong, and I did. I could open again, if I wanted to take a chance as Peters is taking. The Chief is friendly, and won't bother anyone unless a kick is registered. I don't want to do business that way.

"There's only one man in town who can reach the Chief's ear on this question. He is a Berkeley man and an ex-saloon keeper.

"He says things will be all right again in a couple of months, but he can't guarantee any protection just now. Peters is taking a chance, that's all."

The article went on to say that Charles Vosmer was running a crap game at 473 Seventh street, and percentage poker games are run at 250 Fifth and Broadway and at 1056 Broadway.

What the Chief Says.

Chief Hodgkins entered an emphatic denial this morning to all the charges affecting him.

"If there are any games running in violation of the law I do not know of," he said. "All the members of the force have been repeatedly instructed to arrest every person, no matter whom, that violates the gambling laws; an officer has to come here for instructions when he hears of a violation. If I knew that there is now being conducted in the city of Oakland any game or games in violation of the State law or of the city ordinance, I would close them at once. Every officer in the Oakland department has his instructions and those instructions are to arrest every violator of the law, no matter what his name or position. The man who says that I, as Chief of the Oakland Police Department, or as detective, sergeant or special, ever accepted a bribe, ever loaned myself to any act that resembles that of a bribe, ever became a party to machine politics that would permit of the acceptance of a bribe, lies."

"Now, as to the matter in hand, I hunted up this law I do not know of, in company with the reporter who told me what he had said. His employer, Buss, also accompanied me to his residence on Nineteenth street. Davis emphatically denied making the statements attributed. I asked him if he had ever had any talk with me and he said no. I asked him if he had ever had any business with me, personal or official, or ever transacted any with me directly or indirectly, and he said no. He admitted talking to the reporter about horse racing and gambling in general, but denied that he had ever run a faro or craps game on Broadway or saying that he paid 25 per cent or any other sum for protection. He also denied making statements derogatory to me as an officer. He said the reporter expressed a desire to play faro and asked where a game could be found, and Davis told him that he heard a man named Peters was

DENY THE DEMANDS OF THE MEN.

Alaska Packers' Association Stands Ready For a Battle.

SAN FRANCISCO, March 18.—The salmon packing companies have refused to grant the request of the Alaska fishermen for an increased wage scale. As a result of this decision a large proportion of the men will decline to go North this season, and the salmon packing may suffer in consequence.

Charles Vosmer has been running a plate game on Seventh street, and yesterday morning I blocked his place. I would have arrested him but for an opinion given me by Prosecuting Attorney Leach. If he has been running a crap game, I have not heard of it.

"I do not know Peters. He is a new arrival, and the first I heard of his running a faro game was when the reporter told me last night. I looked for him, but could not find him. It is possible for a man to run a gambling game for a short time without the police finding it out, but when they do get informed the business is stopped at once."

Poker Games.

"There are poker games running but we cannot help it. There is no ordinance against them here as there is in San Francisco, and they are conducted in such a manner as to evade the State law against banking games. They have been running in Oakland ever since I can remember.

"The story of the ill feeling between Mayor Barslow and myself is as true as the rest of the article. If there is any light between us neither one of us has heard of it. The story that he favors gambling is absurd. That he desires gambling protected is a silly falsehood. He may have his faults, but that is not one of them."

"Have you taken any steps against any of the places named in the article?" asked the reporter.

"No; I have no knowledge that the law is being violated."

"Have you arrested Peters?"

"What would I arrest him for?"

Davis, the bartender, was not at the Menlo Saloon. George Bush said he was at his home on Nineteenth street, and volunteered to accompany the reporter to the house. Peters was not to be found and room 1 of the Pacific House is closed. However, the publication has served to bring out the fact that several of the cigar stores are openly selling pools on the races. They closed up for a time after the Tribune published the facts regarding their operations, but they are wide open again."

TRIED TO BURN THE VENTURA.

Ship's Carpenter Accused of Trying to Destroy Australian Lines.

SAN FRANCISCO, March 18.—Geo. Moscos, a ship's carpenter, was arrested today charged with having attempted to set fire to the Australian liner Ventura, from which vessel he was discharged when the vessel arrived from the Colonies last week.

It is charged that he started a fire in the boatwain's room, using a heavy mineral oil with which to spread the fire. There being little draught in the room, the fire burned itself out.

Moscos is also charged with having wrecked the boatwain's room with an axe. He denies any knowledge of the acts charged to him.

LONDON'S POOR TO BE ENTERTAINED

King Edward Sets Aside a Large Sum of Money to Feed the Hungry.

LONDON, March 18.—Half a million of London's poor will be the guests of King Edward during coronation week.

His Majesty notified the Mayors of the counties today that the sum of 200,000 pounds was placed at their disposal, and he invited them to make the necessary arrangements to entertain the very poor to the number of 500,000 at a dinner in celebration of his coronation.

BILLY DELANEY SAYS HARD THINGS OF FITZ

Ex-Champion May Have to Give Place to Sharkey.

Billy Delaney, who lives in this city and is at present trying to get a rest at his home with his family, is annoyed night and day with telephone messages and interviews seeking information regarding the hitch in the Fitzsimmons-Jeffries fight. Up to noon today Delaney had heard nothing from either Fitz or Jeff, and knew no more now than he did when cut off abruptly by Fitzsimmons during the long distance telephone chat Sunday night, except that in the event of Fitzsimmons breaking away from his agreement, negotiations will be opened with Sharkey toward securing a match.

"I do not understand Fitz," said Delaney this morning. "One moment he will talk to you sensibly and like a gentleman, and then all of a sudden he flies off the handle and acts for all the world like a crazy man. I offered him the selection of two reputable men to referee, George Siler or Charlie White, both of whom have refereed all the big fights. I could get no satisfaction out of him, and failing to even get a reply on that subject, I offered to allow him to name two men of his own selection for our consideration, but again he had nothing to say. I told him the 'Prize clubs' were at loggerheads, fighting each other, and that in consequence there was some trouble in the Board of Supervisors about the granting of a license which would only be provoked if he insisted on more time to consider the bids. I tried to explain everything here as accurately as I could see them with my own eyes, but on my word, I believe he sat at the other end of the wire laughing at me."

"Now, my interests in this fight are all for Jeff, but so far as the negotiations,

GEN. MA GIVEN A THRASHING.

Chinese Rebels Having Things All Their Own Way at Present.

HONGKONG, Mar. 18.—General Ma has been defeated by the Kwang Si rebels, who have taken possession of Fang Cheng. They have killed or captured all the Mandarin and have looted the town. General Ma attacked the rebel stronghold, but after an engagement lasting two days was forced to retreat. The rebels then started headquarters at Fang Gen. The rebellion is spreading rapidly in the provinces of Kwang Si, Kwang Tung and Yung Nan. A letter received here from Tien Tai, fifty miles from Kwang Looh, says all business is suspended there owing to fear of the rebels.

Marshal Su is at Tien Chou and General Ma at Kao Chou (both in Kwang Tung province). Both of these commanders are sending reinforcements. They wish to join their forces, but the rebels are holding all the intervening passes and prevent a junction of the government troops.

Many of the imperial soldiers are joining the rebels owing to the superior pay offered them and the opportunity for looting.

The rebel leader is Hung Ding, a relative of the celebrated Hung Ho Cheon, leader of the Tai Hung rebellion.

FAIR PLAY FOR S. F. STRIKERS

Boilermakers' Will be Treated Well by the Employers.

SAN FRANCISCO, March 18.—The increased scale of wages from 30 to 35 cents per hour which the employers in the iron trades in this city have granted to the boilermakers came as a welcome surprise to many of the men, who have for months been walking the streets in idleness. It was not generally known among the boilermakers that a committee of their number had had several conferences with the officers of the different companies early last week and that it was through their efforts that the present scale of affairs was reached. Business Agent O'Brien has been untiring in his endeavors, and was a happy man when assured that the men would be taken back at an advance in wages. The committee found that the Union Iron Works would treat with their former employees on the basis of the increased scale, and this knowledge decided the men to declare the strike off. The men are returning to work as fast as places can be made for them, and he feels confident that from now on they will receive fair treatment. It is only a question of a short time when all will be at work.

OAKLANDERS WILL BE AT SAN JOSE

Woodmen of the World Are Planning Large Time in Garden City.

SAN JOSE, Cal., March 18.—The greatest fraternal event in the history of San Jose is scheduled for next Sunday evening, when the county camps of the Woodmen of the World, assisted by all the drill teams from San Francisco and Oakland, will assemble at Rose Carnival Pavilion to initiate 3,000 candidates. A drill entertainment and ball will follow. A street parade will precede the ceremonies.

HARRIMAN AND CLARK AGREE.

Two Millionaires Will Settle Their Troubles Out of Court.

SAN FRANCISCO, Mar. 18.—The Post says:

The war between E. H. Harriman and U. S. Senator W. A. Clark which has been bitterly waged in Nevada for a right of way in the southern part of the State gives promise of being settled very soon.

Although the case was taken out of the courts of Nevada months ago after every legal resource had been exhausted, and the report circulated that the contending parties had arrived at a satisfactory understanding, it has now developed that the compromise was not effective. For months the legal advisers of Harriman and Clark have been trying to patch up the existing difficulties, but made little progress until a few days ago, when the two millionaires decided to take the matter out of the hands of their attorneys and abide by the decision of Victor C. Bogue, a civil engineer.

Engineer Bogue was chief constructor for the late Jay Gould and also directed the construction of the most important portions of the Northern Pacific Railway.

He leaves for Nevada tonight and expects to adjust the differences of the two railroad interests within a very short time.

RHODES IS WORSE.

CAPE TOWN, March 18, P. M.—Cecil Rhodes had a quiet sleep this morning, but his symptoms when he awoke showed a slight change for the worse. Oxygen was administered to the patient in increased quantities.

OAKLAND MAN IS NOT GUILTY.

Says He Did Not Buy a Spanish Girl in Guatemala.

SAN FRANCISCO, Mar. 18.—Summerfield Bassett, who lives on Willow street, West Oakland, was discharged from custody this morning on the ground that he could not be convicted of a felony.

The case was a very peculiar one. Bassett, who is an Oakland man, went to Guatemala on business. When he returned on the steamer he was accompanied by a beautiful 15-year-old Spanish girl.

The story was circulated on the steamer that Bassett had bought the girl from her parents.

When the passengers complained of the matter to the officers and Bassett was arrested on a serious charge.

When confronted with the complaint he said he had married the girl. That ended the matter.

PRESIDENT WHEELER DONE UP IN HUMOROUS VERSE

A Satirical Poem That Riled the Wags of the Pierian Spring at the State University.

BIRMINGHAM, Mar. 18.—The so-called circular, the distribution of which on the University grounds caused such a flutter in school circles, was an anonymous poem, satirizing President Wheeler. In his verse it makes him a noun of multitude—the whole cheese, in other words. It is a very clever lampoon, and was written evidently by some one who is familiar with University matters, and is the work of no novice. It can readily be seen in perusing it. The lines are as follows:

THE THREE GRADES.

Have you heard of the trio of Ben, Jim and Ide
Who floated west on west on diplomacy's tide?
The wonderful seers, clairvoyants and sages,
And mightiest fakers of all the known ages,
Who made all the regents and people their tools,
And laughed up their sleeves at the innocent fools.
(From three thousand to ten was a very high jump,
And a foxy old miser was knocked off the stump.)
Oh "the pull" is the thing—let merit "go slide"
And we will all fawn around Ben, Jim and Ide.

What morals and wisdom these plagiarists teach,
But they never will practice the sermons they preach,
And never weed out the old trash from the U.
But always slink back when "the pull" comes in view;
So that profs. with big pay do nothing but shirk,
And instructors with brains receive little but work.
(If you're "full as a tick" you may still save your job,
And preach against courses that others have taken.)
Oh, plenty's cheap and diplomacy wide
And "the pull" is what counts with our Ben, Jim and Ide.

This trio will talk on art, grease or asses,
Or "any old thing" that will humbug the masses;
And "economy" preach with a smile on the side
While building a palace for Ben, Jim and Ide.
And each prof with his pull and some thousands a year
Tries to look happy but trembles in fear.
For the State he is robbing may soon call a halt,
And outside of this U. he cannot earn his salt.
But it's easy, you know, to just "float with the tide,"
And "the pull" is what counts with our Ben, Jim and Ide.

BAKERSFIELD WILL HAVE A DEPOT

General Manager Kruttschnitt Gives Will Try Hard to Beat the Stealing \$30,000 From Uncle Sam.

BAKERSFIELD, Cal., March 18.—At the instance of the Board of Trade, some time ago, a petition was circulated among the citizens of Bakersfield, asking the Southern Pacific Company to construct a depot in Bakersfield, and setting forth the inconvenience of the present arrangement which makes Kern the stopping place for this place. In reply to this petition General Manager Kruttschnitt has written a letter to Major F. S. Rice, president of the Board of Trade, stating that he will look into the matter of establishing a depot and passenger station at Bakersfield at the line of the Southern Pacific Company's tracks and Chester avenue.

PERSONAL AND SOCIAL NOTES.

WEDDINGS AND ENGAGEMENTS—PERSONALS ABOUT PEOPLE WE KNOW.

An interesting wedding, which took place last evening was that of E. H. Corryell and Miss Susanah Curdick. The wedding took place at the home of Mr. and Mrs. C. D. R. The wedding was very quiet, being attended only by the immediate friends and relatives of the contracting parties. Rev. F. S. Brush of the Alameda Presbyterian Church, of whose church the groom is a member, officiated. There was a pleasant wedding supper, after which the couple departed upon a short wedding journey. Upon their return they will take up their residence in Alameda, at 1210 Broadway.

Mr. Corryell is a prominent business man of Alameda, where he has lived for ten years. Mrs. Corryell has been living with her sister in this city for some time. She formerly lived in Mantoloking.

NEWS IN BRIEF.

B. E. Taylor of Kendall, Taylor & Stevens, Boston architects, who came here to confer with the trustees of the Merritt Hospital to be erected on the old site on Hawthorne street, has returned East. The trustees have instructed him to draw up a detail plan for the entire group of buildings. Work on the hospital will be begun in the latter part of the summer.

The Mormon Tabernacle choir, numbering one hundred and fifty voices, will sing to the University of California this afternoon at 3 o'clock in Harmon gymnasium. President Wheeler has posted announcements of the choir concert, to which the public is invited. The visiting Mormons will be shown around the university grounds.

E. R. Williams, a carpenter, residing at 1130 Mason street, fell from a roof he was shingling in South Berkeley yesterday and broke his left leg. The fracture is not serious. Williams was walking on the roof when he slipped.

George W. Fuller, who was recently chosen as associate minister of the Unitarian Church of this city, is expected to arrive here some time this afternoon. Mr. Fuller has for some time been preaching in Massachusetts, and gave up his position to accept the call from the Oakland church. Just prior to his departure from the East, he was married. He will fill the pulpit here next Sunday morning. Mrs. Fuller will accompany him.

There were three deaths in the county yesterday. Henry Monroes, a native of Germany, died after five years at the hospital at the age of 70 years. Andrew Clancy, a native of Ireland, aged 66 years, was the second death. Lester Mann, a native of Vermont, aged 45 years, who was brought to the infirmary from Livermore last Friday in a dying condition, died from a complication of diseases.

In the line of improvements the Jackson Iron Works has just completed the installation of a small set of furnaces and rollers to the west of the present furnaces in the rolling mill. The capacity of mill will be increased thereby by about one-third. Near the new furnaces is a building recently erected for the storage of scrap iron and this is now being utilized.

PERSONAL AND SOCIAL.

The regular business and social meeting of the Gayety Social Club was held last Friday evening at the residence of the treasurer, Miss Smart, on Oak street. Arrangements were partially completed for a caucous party, which will be held

shortly after Easter. It promises to be a very amusing and enjoyable affair and will probably be held in a downtown hall, and at a date to be announced later.

At the conclusion of the business of the evening a social time was enjoyed and dainty refreshments served at a late hour.

An announcement of interest in Oakland social circles is that of the approaching marriage of Miss Mattie Kirby and Edward E. Hughes, which will take place in June.

Miss Kirby is the daughter of H. H. Kirby, the capitalist, and is a girl of pleasing personality. She has traveled extensively and is a water color artist of more than ordinary ability. She is also a prominent member of the Order of the Eastern Star, as well as of several small clubs.

Mr. Hughes is one of the most popular young business men of Oakland, and in commercial circles. He is a brother of the well-known musician, Mrs. Mary Hughes Parson. The wedding will take place in the spacious home of the bride's parents on Castro street, and as Miss Kirby is an only daughter, it will doubtless be a memorable affair.

Mr. and Mrs. Dieckman, nee Chabot, arrived in this city yesterday and have taken up their abode at the Chabot home on Madison street.

Mrs. J. C. Common has been invited to assist in the Forestry Section at the N. P. Women's Clubs at Los Angeles. She has accepted the invitation.

PLAY FOR THE SANTA FE

Attorney Johnson Says Franchises Can Be Granted—Captain Payson to Meet Councilmen on Thursday.

City Council will hold a special meeting Thursday evening to confer with A. P. Payson, vice president of the Santa Fe and Santa Fe Railway Company, in regard to the proposed franchise for the Santa Fe line, which was recently purchased by the Oakland and East Side Company.

The ordinance grants the right to a franchise for a single or double track of standard gauge railroad. It is intended to operate on the line of the Santa Fe and Santa Fe Railway Company, which is now being operated by the Santa Fe and Santa Fe Railway Company.

The ordinance also provides for the construction of a single or double track of standard gauge railroad, which is now being operated by the Santa Fe and Santa Fe Railway Company.
